Thanks to a revolutionary initiative called Taxis Without Borders (TWB), tourists and locals alike can now enjoy a seamless taxi experience in numerous cities around the world.

The Birth of Taxis Without Borders

The brainchild of a group of tech enthusiasts and travel enthusiasts, TWB began as a humble experiment in a single city and rapidly gained traction.

The TWB Experience: Your Passport to Seamless Travel

So, how does Taxis Without Borders work? It's simple. Whenever you're in a city that is part of the TWB network, all you need to do is request a TWB taxi through their intuitive mobile app or website. You'll be matched with a driver who not only speaks your language fluently but also has undergone cultural sensitivity training.

Upon entering the TWB taxi, you'll notice the difference immediately. The driver welcomes you with a warm smile and greets you in your native language. No more struggling to communicate your destination or wondering if you'll end up at the wrong place.

The TWB drivers are not merely transportation providers; they are your cultural ambassadors. They are knowledgeable about local customs, popular landmarks, and hidden gems that might not be on the tourist maps. Whether you're a curious traveler or an enthusiastic explorer, TWB drivers are ready to share their insights and make your journey even more enjoyable.

TWB's Commitment to Quality and Safety

Ensuring a safe and comfortable experience is at the core of TWB's operation. All TWB drivers go through a rigorous screening process to guarantee their reliability and professionalism. Additionally, TWB continuously monitors and evaluates their drivers based on customer feedback to maintain high standards of service.

Another major advantage of TWB is the transparency in pricing. With traditional taxis, it's not uncommon to find yourself in an unpleasant surprise at the end of the journey when the driver reveals an unexpected fare. With TWB, you can rest assured knowing that the fare calculation is fair and transparent, providing you with peace of mind.

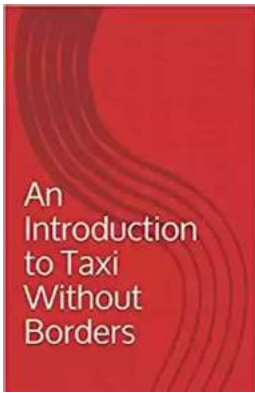

Join the TWB Movement

You may be wondering how you can become part of the TWB experience. It's as simple as downloading the TWB app or visiting their website. As of now, the TWB network covers major cities in more than 50 countries and counting. So, whether you're traveling for business or pleasure, TWB has got you covered.

Not only does TWB offer convenience and exceptional service, but it also promotes cultural exchange and understanding. By supporting TWB, you become part of a global movement that aims to unite people from all walks of life.

Taxis Without Borders has revolutionized the way we perceive taxi services in foreign cities. With their commitment to breaking down barriers, they have transformed what was once a daunting experience into a seamless journey of exploration and cultural immersion.

So, the next time you find yourself in an unfamiliar city, let Taxis Without Borders be your trusted companion. Say goodbye to language barriers and subpar taxi experiences, and embark on a world of adventure with TWB!

Taxis Without Borders was formed by a group of Drivers and Operators from across South Wales in response to calls by a small number of taxi drivers in Cardiff to have what is known as “cross-bordering” abolished. Especially in light of the Welsh Assembly Government’s, soon to be published proposals of what they intend to do to reform Legislation in Wales for Hackney and Private Hire drivers, vehicles and operators. It is widely believed that the Welsh Assembly Government will propose what the small group of Cardiff Taxi drivers desire, namely the abolition of Cross Bordering. This is something Taxis Without Borders oppose. In the absence of any obvious opposition, and nobody speaking up for cross-bordering, other than on internet pages, we decided to take action ourselves. Cross Bordering is the term commonly used within the industry to describe the act of a Private Hire driver carrying out a pre-booked journey entirely in an area, or areas, which their Private Hire licence was not issued. For example, should a driver licensed by Cardiff County Council complete a pre-booked journey that both begins and ends in a council other than Cardiff County Council (such as Caerphilly, in Caerphilly County Borough Council, to Pontypridd,

in Rhondda Cynon Taff), then they will be working across borders, or cross bordering. It is our aim to promote and highlight the many benefits of cross bordering, as well as raising awareness to the possible end of it. For too long, many of those who are pro-cross-bordering, have had their heads in the sand, believe it will never be taken away, and those calling for its abolishing are just shouting their heads off, and nothing will happen. This unfortunately has largely given the critics of cross-bordering a free run at the Welsh Assembly Government, and have been able to give just one side of the story. Taxis Without Borders, welcome a change to legislation. A legislation that is vastly out of date, and not fit for purpose in today's world. However, we believe it has to be the RIGHT change, for the whole of Wales. Not just less than 20% of the drivers in one city. In order to make the right change, the Welsh Assembly Government needs to be given all the facts and figures, not just the views of one group of drivers, but the testimonials of drivers, and operators and users across the country. This to Taxis Without Borders, briefly outlines what we feel should be the right changes to make. A more complete and in depth report will follow at a later date. This will contain results of research we are doing into the subject, and we hope will be used by the Welsh Assembly Government to make a fully informed decision on what is best for the Country. This then, if you will, are Taxis Without Borders, opening arguments for the case to keep cross bordering.
