Power.

The dominant position eternally sought after by a forgotten, sometimes immortal yet always inhuman enemy. Through an unnatural mixing of genes with humans this ancient enemy has infiltrated and thrived in American Society from the inception of the Country. Their human followers, labeled Devil Worshipers, appease these unnatural beings through symbols, incantations, and carnal sacrifices. Conspiracy theorists refer to them as the Cabal, Mob, or Illuminati. Only the Ancient Africa cultures that are hundreds to thousands of years old know them and their evil purpose to gain ultimate power and control. These Ancient Cultures from Ancient Kingdoms understand how these beings received the

knowledge that allows some of them to have longer lives and certain powers. Those Ancient African Kingdoms had only one name for them.

Creatures.

These Creatures tasted a power and knowledge from the people known as the Ascended. A powerful people from all over the African continent that learned how to master and wield the Universal Energy flowing through all things, allowing them to combine body, mind, and spirit as one. The memory of the Ascended have faded into myths and legends that have twisted and changed throughout time. All of them, the Ascended, left the planet several thousand years ago allowing the memory of them to fade away like warm breath in the cold. That all changes when one child, Ade, reaches them through pure desperation while being attacked by a Creature in the spiritual realm that exist between sleeping and being awake. That desperate cry reaches some of the Ascended that have been dormant for years. The attack Ade experienced was only a part of the Creatures blatant new thirst for power, they have grown tired of living in the background, sick of being in the shadows. No longer content to be hidden hands that shaped Empires and Nations, they capture America in the most savage and dominating way possible. Establishing and showing that they will no longer be Creatures of Subterfuge.

This is the story of accidental re-discovery of an enemy long forgotten, but one that has not forgotten or forgiven their own defeat by African People thousands of years ago. A people that drove them from their underground homes on their home continent and out into another land. Europe, where the Creatures first settled. But the Northern European people there fought them off sending them deep underground until the rise of the Greeks and Romans. This is the second book of many in the Books of Ascension Series.
