I was asleep when the world burned.

Zain Stone is a rising star at tech giant Thanatos Industries, developing the technology to stop death. But when the building comes under attack, he risks life and limb to protect his research.

When he wakes in a cryo chamber, twenty years into the future, everything has changed. The world, which once valued technology so much, has come to despise it.

And the girl who woke him up—the beautiful Amy, with strawberry blonde hair and a sweet disposition—might be a cyborg he designed himself.

Soon, Zain finds that it's not just that he needs to survive in a post apocalyptic barren wasteland—but he needs to protect Amy, and the other stunning women he meets along the way. There's Jude, the scrappy engineer with the model looks who has helped Amy survive. Then there's Lily, the daughter of the man that has kept humanity in the dark for at least the last decade, and her best friend, badass scavenger Marisa.

Zain has no weapons, or any real knowledge of how to get the world back on track, so he needs to make do with his wits and his strength.

...and four of the most beautiful girls he's ever met.

He just has to hope that's enough.

WASTELAND RENEGADE is a post-apocalyptic harem adventure, which means you can expect lots of action, survivalism, and quality time with some beautiful and willing women. This is an adult romp you don't want to miss.
