## IT'S ALL ABOUT CONTEXT

### Verb Tenses Suited Exactly to Your Needs

Reading conversations is quite different from reading regular storybooks in English. Books tend to use verb tenses that are not often used in everyday speech. Learning common English phrases through everyday dialogs is the perfect way to learn how to converse with people and understand what they are saying to you.

The characters in our books often repeat phrases using different sentence structures and vocabulary to help you learn several ways to ask and respond.

### Why Learn Lines of Dialog?

Exposure to English conversations in everyday situations helps acquire language. Such topic-based language learning means that the emphasis is on a particular subject, topic or theme, and the phrases and words used by the speakers of the conversations are arranged around this topic. There are many benefits of topic-based language learning...

- TOPIC-BASED - Learn new phrases and vocabulary in the context of everyday conversations
- ENGAGE MORE - Bring what you've learned to your daily life to keep conversations going
- VERSATILITY - Practice reading, writing, speaking and listening; alone or with a partner
- MODEL SENTENCES - Use the sentence structures as a model to create others with new vocabulary

This series of books follows the story of Adam Jackson, a 20-year-old student from Taiwan. Adam can speak a little English because his mother comes from England. But now he wants to learn more English. So, he is coming to England to study at the University of Nottingham. He will make a lot of friends and perhaps even find a girlfriend.
