

Force Recon Diary 1970: A Riveting Account of Valor and Adversity

In the midst of the Vietnam War, one soldier's remarkable story stands out among the rest. Dennis Oliver, a member of the elite Force Recon, kept a diary documenting his experiences during the tumultuous year of 1970. His vivid entries provide a captivating insight into the challenges, sacrifices, and bravery displayed by those who served on the frontlines.

The Force Recon, a specialized unit within the United States Marine Corps, was tasked with gathering intelligence, conducting covert operations, and providing direct action support. These highly trained and fearless individuals operated in the most dangerous territories, often behind enemy lines. Their bravery and unwavering commitment to their cause became legendary.

Oliver's diary offers a unique perspective on the day-to-day struggles faced by the Force Recon troops. From harrowing firefights and nerve-wracking ambushes to moments of camaraderie and shared humanity in the face of adversity, his words transport readers to a time and place where survival was a daily battle.

The quiet of the night was again shattered by the thunderous roll of incoming artillery shells, spaced five seconds apart, ripping the jungle to pieces, as huge chunks of earth and vegetation blew skyward under the brilliant flashes of orange and white explosions . . . The possibility of encountering more NVA troops moving through our area was high, as we had pushed a very great stick into their nest. But our demonstrated ability to find the enemy and wait for the most opportune time to hit him, while remaining totally undetected, gave us reason to be pleased. It also gave the NVA reason for concern.

In Force Recon Diary, 1970, Bruce "Doc" Norton offers a harrowing sequel to his best-selling Force Recon Diary, 1969, continuing the true story of a navy corpsman who became a Force Recon Team Leader behind enemy lines in the

jungles of Vietnam. In the midst of a war set deep in the jungle, the Force Recon Marines often found themselves lacking food, drinkable water, explosives, or even enough radio batteries. Armed with only their own courage, skills, and loyalty to their brothers in arms, the Marines used stealth and cunning to survive in the harsh conditions of Vietnam, where one mistake could prove fatal not just for an individual Marine, but for the entire unit.
