Since opening on February 1, 1927, with just 12 guest rooms, Furnace Creek Resort has achieved preeminence among US National Park lodges and hotels. Conceived by the Pacific Coast Borax Company in 1926, the inn was the answer to the declining mining industry, which had left the Death Valley Railroad with nothing to haul. The construction of Furnace Creek Inn helped to shift Death Valley's draw from mining to tourism, bringing a new industry to the Old West. Steeped in history and tradition, the inn and the ranch have become as much a

destination as the park itself. With naturally heated swimming pools, the world's lowest golf course, four-diamond hospitality, and surroundings of unsurpassed natural beauty, Furnace Creek offers experiences that are long remembered by its guests.
