Why Choose Plastic Canvas?

Plastic canvas crafting has become increasingly popular over the years, and for good reason. It offers a unique and versatile medium for creating decorative and functional items. Unlike traditional embroidery, plastic canvas allows for three-dimensional designs that can be used in a variety of ways.

Plastic canvas is not only easy to work with, but it also provides durability and stability to your finished projects. The material is perfect for creating items like tissue box covers, coasters, ornaments, and even small storage containers. The possibilities are endless!

Getting Started with Plastic Canvas

If you're new to plastic canvas crafting, don't worry! The Going Batty boutique tissue cover pattern is a great starting point. Here are a few tips to help you get started:

- **Gather your materials:** In addition to the pattern, you'll need plastic canvas sheets, yarn or thread in various colors, a needle, and a pair of scissors. Ensure you have everything you need before diving into the project.
- **Cut the canvas:** Use a pair of scissors to cut the plastic canvas sheets according to the pattern's dimensions. Remember to leave a seam allowance for assembling the tissue cover.
- **Start stitching:** Follow the color-coded grid pattern provided in the instructions. Begin stitching from one corner and work your way towards the center, creating the bat shape as you go. Take your time, and don't be afraid to make mistakes – they can often be fixed or incorporated into the design.
- **Finishing touches:** Once you've completed the stitching, carefully trim any excess plastic canvas and secure any loose ends of yarn or thread.

Assemble the tissue cover by attaching the sides and bottom together, leaving an opening for inserting the tissue box.

Adding a Touch of Spookiness

The Going Batty boutique tissue cover plastic canvas pattern is not only a fun and engaging project, but it also adds a touch of spookiness to any room. The bat-shaped tissue cover is perfect for Halloween parties or simply to celebrate the season. You can place it in your living room, bathroom, or even gift it to a friend.

Additionally, you can get creative with your color choices to match your existing decor. Use Halloween-themed colors like black, purple, and orange to enhance the spooky vibe, or opt for neutral colors for a more subtle touch of Halloween. The choice is yours!

The Going Batty boutique tissue cover plastic canvas pattern is a fantastic way to add a unique and spooky touch to your home decor. Whether you're an experienced plastic canvas crafter or just starting out, this pattern provides an engaging and enjoyable project that is sure to impress.

So why not venture into the world of plastic canvas crafting and create your very own bat-shaped tissue cover? Get your hands on the Going Batty pattern and let your creativity take flight!

[Add To Cart Now](#)

Plastic canvas is a variation of needlepoint and other canvas work crafts, such as embroidery. Because plastic canvas mesh is rigid, it is perfect for creating 3-dimensional objects such as tissue box covers, small jewelry and trinket boxes, handbags, magnets, dolls, vases, napkin holders, wind chimes and many other types of both decorative and useful items. Plastic canvas comes in different colors and with various size holes for different thicknesses of yarn. As with any textile canvas, the hole size is called count. For example, 10-count plastic canvas mesh has 10 holes per linear inch. The most common sizes are 5, 7, 10, and 14 count. It is sold most often in sheets; pre-cut shapes are available in circles, triangles and novelty shapes such as butterflies, hearts, and stars.

Features:

- Full Color Chart/Graph
