

Reason To Stay Amish And Englisher: The Choice Between Tradition and Modernity

Living in the 21st century, where technology reigns supreme, it's easy to forget that there are communities that remain untouched by the advances of the modern world. In a society driven by progress and constant change, the Amish and Englisher, often referred to as the "English," have chosen to live a life steeped in tradition and simplicity.

Contrary to popular belief, the Amish are not averse to modernity. However, they carefully evaluate the impact of technological advancements on their community, choosing to embrace only those elements that align with their values. This deliberate approach has resulted in a unique way of life that has fascinated many. So, what are the reasons that make some individuals choose to stay Amish or become Englisher?

Intrinsic Connection to Nature

One of the main reasons individuals choose to stay Amish or become Englisher is their intrinsic connection to nature. The Amish way of life emphasizes living in harmony with the natural world. Surrounded by vast farmlands and picturesque landscapes, they understand the importance of sustainable living.

Living a life closely tied to the land allows the Amish to stay connected to their heritage. Their daily tasks involve tending to crops, caring for livestock, and working the fields. This deep connection to nature instills a sense of responsibility, gratitude, and a spiritual connection to the world around them.

The Englisher, on the other hand, often seek solace in nature as a means of finding tranquility amidst the chaos of modern life. A weekend hike or camping trip offers them a chance to disconnect from the digital world and reconnect with the simplicity of existence. Their attraction to the Amish way of life lies in their appreciation for the community's unwavering dedication to harmonious coexistence with nature.

Strong Sense of Community

Another reason individuals choose to stay Amish or become Englisher is the strong sense of community that these lifestyles offer. The Amish live in close-knit communities where everyone knows one another, relying on each other for support, guidance, and companionship.

Amish communities gather for weekly church services, communal meals, and barn raisings, demonstrating their commitment to a collective way of life. In times of need or celebration, the community comes together as one, reinforcing relationships and offering unwavering support.

The Englisher, living in a world often marked by individualism, yearns for a sense of belonging and unity. They are attracted to the Amish way of life due to the strong community bonds that exist within the Amish society. The sense of shared responsibility and support draws them towards a life that prioritizes human connections over material possessions.

Preserving Cultural Identity

The desire to preserve cultural identity is a powerful motivator for individuals to stay Amish or become Englisher. The Amish have a rich cultural heritage that is rooted in their religious beliefs and traditions brought over from Europe centuries ago.

By choosing to stay within their community, the Amish continue to pass down their customs, language, and values from one generation to the next. They are determined to maintain their unique way of life, adhering to their distinctive dress code, language, and religious practices. The Amish see their way of life as an essential part of their identity.

Similarly, those who choose to leave the Amish community and embrace the Englisher lifestyle often strive to create a unique cultural identity for themselves. They seek to define their individuality while also drawing from the diverse experiences and values of the Englisher world.

Simplicity and Minimalism

In a world full of distractions and incessant consumerism, the Amish and Englisher are drawn to the simplicity and minimalism inherent in their way of life. The Amish embrace a life where material possessions are limited, focusing on what truly matters - relationships, faith, and community.

The Englisher, longing for a simpler existence, view the Amish as a symbol of liberation from the pressures of modern life. Escaping the rat race and living with fewer possessions allows them to cultivate a sense of calm and contentment in an increasingly chaotic world.

Choosing to stay Amish or become Englisher is a deeply personal and complex decision that individuals make. The reasons vary, but all revolve around a desire for a life that focuses on what truly matters - connection, community, and an unwavering commitment to one's values.

In a world that is constantly evolving, the Amish and Englisher serve as a reminder that there are alternative ways to find fulfillment and meaning. Their unique lifestyles offer valuable lessons and insights into the importance of simplicity, community, and a strong connection to nature.

Regardless of one's personal choice, understanding the reasons behind the decisions to stay Amish or become Englisher can help us appreciate the diversity and richness that this world offers. It teaches us that traditions and modernity can coexist and thrive in their respective spheres, allowing individuals to find their own paths towards a meaningful and fulfilling life.

After Doctor Gillian Carmichael was attacked, and her physical wounds were healed, her doctor suggested a stay somewhere away from her busy life. The suggestion was welcomed, as mentally, she knew she was unprepared to manage alone at her home. A suggestion to stay with the Amish community in Faiths Creek seemed at first a bad idea. Why should an independent woman need charity? But going back to the lonely house when the attackers hadn't been caught, and charity suddenly seemed the best option.

Luke Bender despised the Englischers and their reckless way of life. His Mamm had taught him all he needed to know about them and their 'un-gottly ways'. Now, one of them was coming to live next door, an Englisher female Doctor at that! This annoying, headstrong woman, with her uncovered hair, and denim jeans was an affront he found hard to suffer. However, after Luke is injured and the only person able to care for him is this annoying woman, his views change a little, but will it be enough?

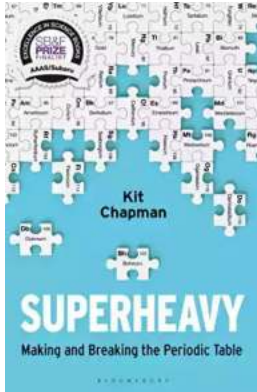

Eventually, he tells her just what he thinks, and the next day her belongings are being loaded up to move her out. Has Luke made a mistake? Should he tell her what he really feels?
