We are used to celebrating only specific occasions, such as birthdays, weddings, promotions at work, etc.

However, aren't there many more situations we can and should celebrate?

Are we not forgetting us when we ignore the small positive moments? We have to celebrate the little things, our little victories.

When we finish a difficult task, it deserves to be celebrated. When we manage to change a difficult habit, it deserves to be celebrated. When someone praises us, that moment deserves to be celebrated.

In this book, I share my view on how celebrating our small victories is an efficient way to stay calm and happy.

Remember you can always find peace and joy — just look inside yourself.
