However, nobody could have predicted that a middle school student, known only as "Shadow", wandered through these halls with a dark secret. A master of disguise and manipulation, Shadow eluded all suspicions thanks to their

unassuming appearance. They were just another face in the crowd, someone who blended into the sea of pre-adolescent individuals.

But behind those innocent eyes and seemingly innocent smile lurked a chilling secret; a secret that would send shockwaves through the school - Shadow was an assassin.

The Assassination Chronicles

The tale of Shadow's dangerous extracurricular activities spreads like wildfire among the students of Crestwood Middle School. Whispered conversations during recess and hushed discussions in the lunchroom paint a picture of a person of immense skill, wielding deadly talents.

It is alleged that Shadow's victims were not random targets but carefully chosen individuals who posed a threat to the well-being of the student body. Whether it was eliminating bullies who tormented their fellow classmates or taking down teachers who abused their power, Shadow became the middle school's own supernatural force of justice.

The Art of Assassination

How did Shadow become so skilled in the art of assassination? Legends say that they discovered ancient texts hidden within the depths of the school library, containing techniques passed down through generations of assassins.

These texts taught Shadow the art of stealth, hand-to-hand combat, and the science behind the perfect kill. As the rumors go, Shadow spent countless hours studying and perfecting their craft, ultimately attaining a level of expertise that surpassed even experienced adults.

Trouble Looms

As is often the case with dangerous secrets, the truth behind Shadow's activities couldn't stay hidden forever. An astute teacher, Ms. Johnson, started piecing together the strange occurrences happening within the school. Her curious mind began to connect the dots, leading her closer and closer to the truth.

Once Ms. Johnson confronted Shadow, a battle of wits and cunning ensued. The school became a battleground for their mental chess match, with both parties determined to come out on top.

A Tale of Redemption

Their confrontation ultimately changed the dynamic of Crestwood Middle School. With Shadow's secret exposed, they faced a difficult decision – to embrace their dark identity or step into the light.

Realizing the value of life and the moral implications of their actions, Shadow chose redemption instead of continuing down a path of violence. They used their skills for good, vowing to protect the vulnerable and expose the injustices plaguing their school.

The tale of the Confessions Of Middle School Assassin is a gripping story that challenges our perception of right and wrong. It reminds us that even within the seemingly innocent walls of a middle school, danger can lurk and that true heroes can emerge from shadows we never suspected.

So, the next time you find yourself in a seemingly ordinary setting, be cautious, for you never know what secrets others may hold. The tale of Shadow serves as a reminder that appearances can be deceiving, and the most unlikely individuals may carry the deepest secrets.

He can't use what he knows though, because he had promised his dad, a Black Belt himself and U.S. Air Force Middleweight World Champion that he'll never use what he knows outside the Judo mat. A story about enough is enough in this exciting tale of what happened to Danny when he broke his promise to his dad.

Literary Fiction comes to the 6th Grade

Author's Note:

You may know me from reading my mystery/action adventure novels, so this book may seem to be a bit of a departure to you. But it's really not. It has been said that all fiction is autobiographical, and this one is no exception. When you read this book and I hope you do, the boy Danny is me, at least the little guy in the Judo sequences who flips the big tank of an airman in the Judo demonstration. I was that little guy. And I went to Catholic school and had to wear a tie. The rest of it of course is pure fiction. Hope you like it.
