When American teen Kit Bridges moves to England to attend an elite equestrian boarding school, neither she nor her new home will ever be quite the same.

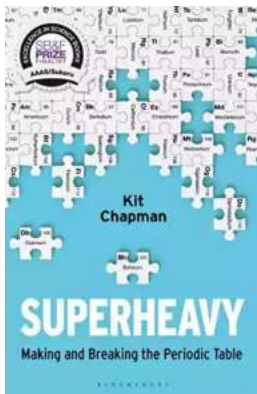

Trying to move on from her mother's death and afraid of riding after a bad fall, plucky fourteen-year-old Kit Bridges doesn't quite know what to expect when her father takes a position at the prestigious Covington Academy. A fancy new boarding school in England where she and her dad can make a new start sounds promising. But in addition to her cool, possibly secretly royal new roommate and the boys with charming accents . . . well, she hadn't accounted for the strict

headmistress, Lady Covington. Or the expectation that every student be a rider. Or the wild horse that she seems to have a strange and special bond with. While navigating new friendships, romances, and an alarmingly austere new environment, Kit needs to figure out whether she's ready to get back in the saddle. And at the end of the day, it's hard to tell who will be more changed by her arrival — Covington Academy or Kit herself.
